I once took out a Craig's List ad looking for a booty call...

<<Fun, happy 26 year-old looking for the right guy for lots of no strings attached bedroom fun. Must be clean, attentive and well-endowed. Must be willing to try anything once – or twice. >>

Needless to say I got more than two thousand responses, but I stopped reading the emails at the first one that sounded right. I emailed back and we met at a Starbucks. He was a hunk of a man and I asked him if he was well-endowed. He said he'd show me if we just went to his car in the parking lot. We did and he unzipped. I pulled out a monster of a cock.

CUM AGAIN AND AGAIN

We've received numerous letters about pornstars. Mostly if the reader could meet them or communicate with them through us. Invariably we'll say no to those requests and you can understand why. But we do get some letters that we're happy to attempt to answer. One of our favorite themes is 'Do pornstars enjoy sex and do they climax on camera?' So we decided to research the topic and, even to our surprise, we found out some interesting things.

Pornstars are often interviewed on set, before and between scenes by a variety of reporters from various media. Just like mainstream, they hype the movie they're now in, talk about upcoming appearances and other often mundane questions with mundane answers.

But one of our favorite questions, in one variation or another, has always been, "Do you cum on set when your getting fucked?" Most of the starlets are willing to tell their secret, but the younger ones in the business will try to avoid the question because of a relationship they are in and don't want their off-set partners to know.

Sandy D: "I usually cum on set. It took me a few movies to get into the routine, but once I did, I came pretty easily. At first, I didn't think it was right to enjoy on-camera sex, but when I let go and forgot about them, I'd climax. I like to moan and groan when I do, so you'll be able to tell when you watch my movies."

Amber B: "Of course, silly. That's one reason I got into the biz. I cum pretty easily and pretty often. I can cum three or four times in one fuck session. Then, like, if I have two scenes

in one day to do, and there's a few hours between them, I can cum again just as easily later in the day. I'm a cum machine."

Brooke S: "All the time. My body is always tingling when I have sex and it doesn't take much to put me over the top. I especially like it when my clit is being licked – by a woman. They do it better than men, so in my lesbian scenes, I'm always cumming. And I like vibrators, too. I get off on them, especially the bigger ones."

Alexa: "I love cumming on set. It makes my partner and the crew pretty excited and that's fun to watch. I love cumming when there's a big hard dick in my ass, but strangely not in a dp. The sensations are too intense and I can't focus on my pussy or ass to cum. I especially like watching other girls cum on set. One of my faves is Bree. She'll cum and cum and cum. On set one day, as I'm sitting waiting for my scene, I saw her cum at least six times in an hour. It was a group scene and she was getting it in every hole. Then, about ten minutes into it she came with a girl licking her pussy, then with cock after cock in her pussy and ass. I think some of the guys in the crew came too."

Irena

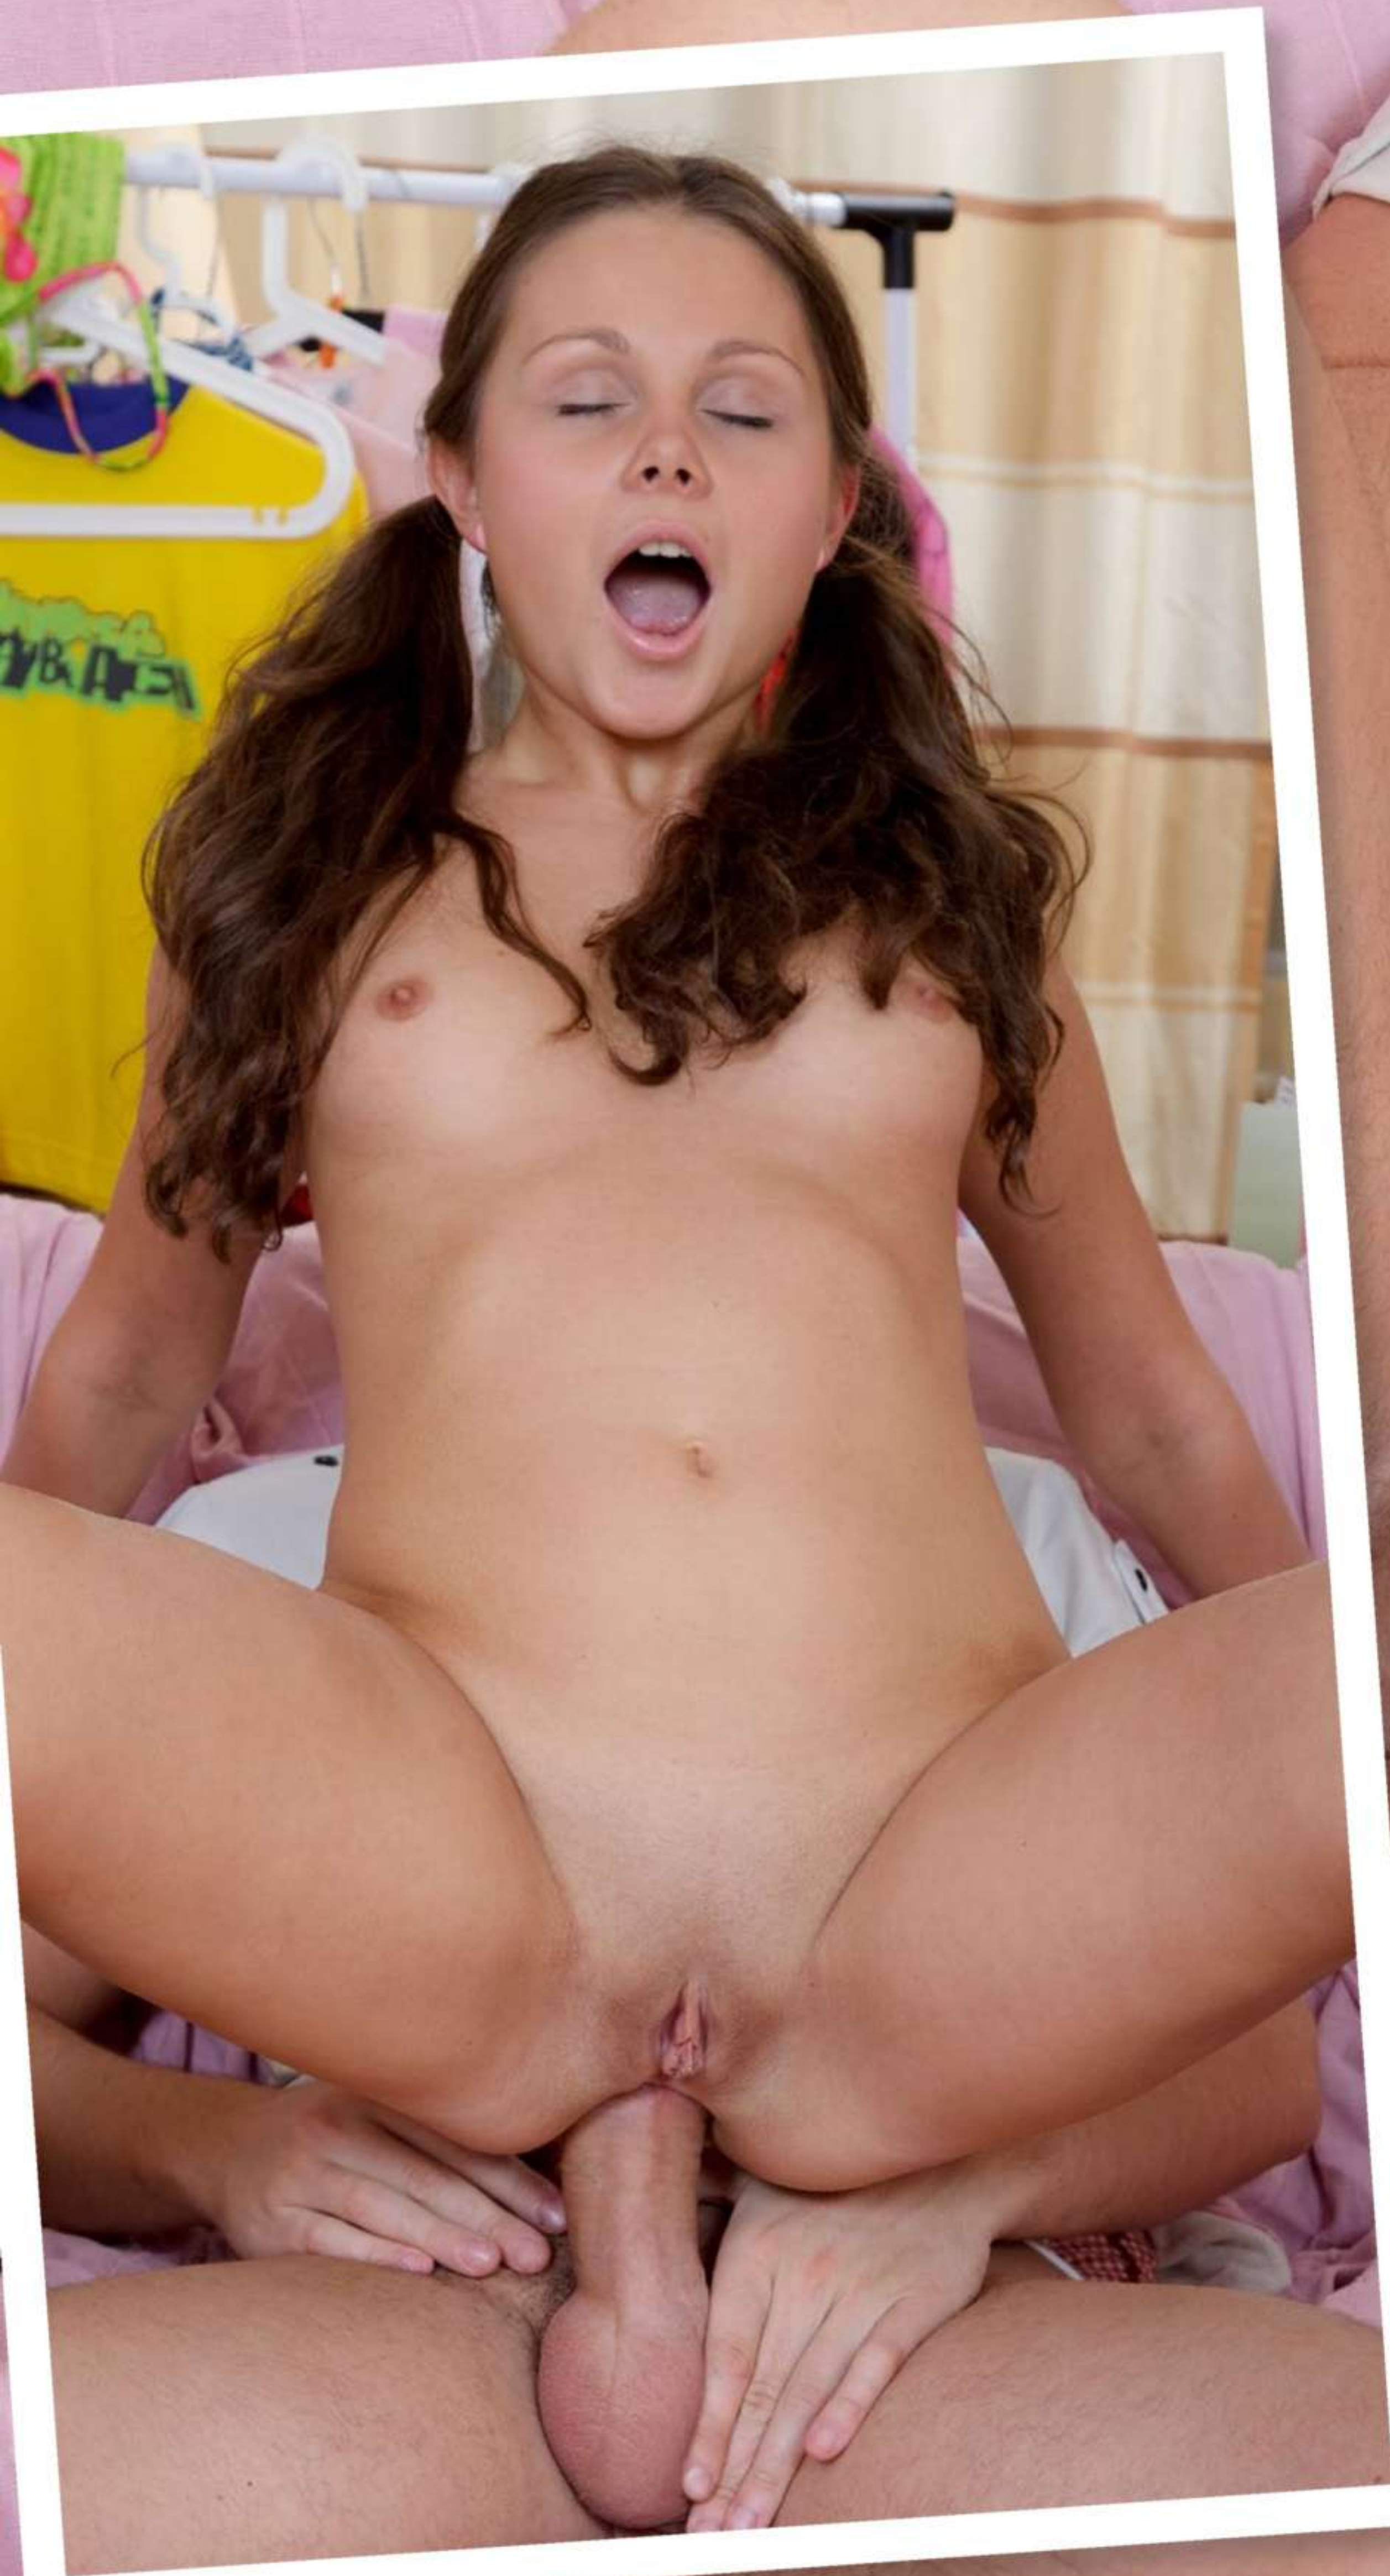

This hot young couple wanted to get some loving in while her parents were out. Irena's ass was nice and tight while her pussy was already wet with excitement that her boyfriend was coming over. She teased her ass with her fave vibe until he got there and took over. She made him replace her vibe with his cock. He wasted no time drilling her sweet young booty with his fleshy meat rocket until the sweet thing couldn't take it anymore.

TWO WRONGS MADE IT RIGHT

For the past ten short years I've been married to Jennifer, a great girl. We met in high school and married right after we graduated. Neither one of us had been with other people, sexually, so the urge to try someone new was strong, or at least it was for me. Halfway into our marriage, I told her that I wanted to try swinging but Jen was dead set against it.

Living in my frustration, I would constantly bring up swinging and tried to get her to consider it. "Please read about it or visit some websites." I would implore. She refused and my frustrations eventually led me into another woman's arms. She caught me after about two months because I was careless, or maybe deep down, I wanted her to catch me because I was in our house at the time. I tried to explain, which was difficult to do being caught naked with my cock in another woman. She ran out of the house in tears and came back the next day. I was sick with worry.

When Jen got home she explained that she drove to the nearby Hilton Hotel because she didn't know if she was going to come home that night or not. She didn't ask for a room right away, but sat at the bar to think things out. There was a guy there that started talking to her but she ignored him initially. "But he was persistent." she told me.

"He was in town for a contractor's convention technology convention and had been having trouble in his marriage. So we sat there talking."

She said that he offered to take her home, but invited her up to his room if she would like to come and continue the conversation there. Jen said she was nervous but he said to tell him the whole story, and so she went up to his room with only the intent of talking.

They talked for another couple hours, and he kept saying that she should get revenge. She said no and she wanted to go home but he said she had gotten him hot and he needed to kiss her. She tried to leave but he was too strong. She

said no and he reminded her how I had cheated and to my amazement she let him touch her. She decided to let him unbutton her blouse and bra and suck on her nipples. He then wanted to go to the bed but she said no. She said she was feeling confused, and a little scared.

Then, to my surprise, she said she told him that she would jerk him off and then she would leave. He took it out and it was huge, she said. Much bigger than mine. He put her hand on it and she then stroked it. She rubbed his balls and made him last a long time by making her squeeze it every time he was going to come. She said he kept trying to force her mouth on it but she kept pushing away.

For all you guys out there... Last night my babe let me fuck her ass with a dildo in her pussy and it was the best thing my cock has felt in a long time. Her tight ass was pleasure enough, but when she put that big vibrator in and turned it on, I felt something like nothing before. It made me cum so hard, the stuff came flowing out in a river.

— Leo, Milwaukee

Eventually, he shot a huge load all over her chest. She then went and cleaned up.

She said that was all that happened. He did not go any further and neither did she. Jen and I talked about it and her hurt feelings for another hour. I kept saying that it was okay and I'm glad she was not hurt and was home. I asked her what she wanted to do today and she said "Let's go to bed, baby, I want to fuck you." With an emphasis on – you!

In our bedroom, we fucked for hours that night. She asked me if I would stop the affair if she became more open. I said yes but what did she mean by more open. She said the guy and her had talked for hours and he wanted to meet her the next night but she said no, not without my husband. He agreed. I guess time will tell where we from here, and so will Jennifer.

BIG, BIGGER, MONSTER

After six years of fucking average sized-dicks, I finally got a taste (literally and figuratively) of a big one, Not just a big one, but a twelve incher. I met this guy through a girlfriend who said his cock was the talk of the company they worked at. Because of all the gossip, he tried to stay away from it and all the women at work.

We were introduced on the phone and met over lunch While he was okay looking, he had a nice personality, and – oh fuck – does he have a big dick!?! I had a feeling that he was interested in me, but I had never had anonymous sex before. We arrived at his work first and he lingered in the taxi a little to thank me for a nice lunch break and gave me his business card with his number. I said goodbye and he got out the cab and went in. I was on fire sexually and when I got home I stripped off my clothes and masturbated in the bathtub imaging his extra large cock was inside me.

The next day was Saturday and I left him a slightly frantic voice message explaining that I really wanted to be fucked by a guy with

a very large cock. If that was him, then he could call me back. If he didn't have a BIG one, then thank you, but no thank you, this time.

Within ten minutes I received a call back that he would be happy to fuck me. He said that he never got any complaints about his size, and the last time he measured, it was over 11 inches. Aware that this was a rather stupid and dangerous thing to do, I was too far gone to change my mind now. I called him and got his address. I told him that it would be my first 'monster' and that I may change my mind when I saw it. He seemed genuine and understanding and sensible so I decided to take the risk.

I was there in half an hour, and my heart was pounding with anticipation, excitement and probably fear. I rang the doorbell. He answered it in jeans and a t-shirt. He invited me in and offered a drink. I picked up the conversation from my phone message and tried to make it clear that what I really wanted to experience, and what I had never experienced, was a extremely huge hard cock.

I followed him to his room. He invited me to sit on the bed. I sat, and he sat next to me. I don't remember what he said at this point, but I was not interested in talking, so I put my hand between his legs and touched his bulge. This was exhilarating and I quickly slipped my hand

into his shorts, taking out his considerable man meat.

I gulped as I held this 11-inch monster cock in my hand. It was teasing my mind with the thought of this dick in my mouth. I kissed the tip of his now rock hard penis. I licked up the shaft from his balls and slowly opened my mouth wide for him. Closing my mouth around his cock was an intensely scary feeling. I sucked on his cock and still wanted to feel his hugeness inside my aching pussy.

I stood up in front of him and pulled off my clothes and let him look at me. I came closer and sat slowly on his cock. Thank god I was so wet that it made it easier. I eased my pussy down on it as he fondled my boobs. It felt wonderful, much better than I expected. It filled me full and I could feel its sides against my love walls. I rode him for ten long minutes before he had to come out to cum. He was indeed BIG and I was in monster heaven.

PARTY TILL YOUR BOOTY HURTS

The party started breaking up and Ian came up to me and said it was too bad I wasn't there for all of it. I put a smile on my face and said there was always the next one. After the last guest was gone, I told my wife Erin to leave all the glasses and bottles, There was plenty of

time tomorrow to deal with the house. Right now I wanted to drag her off to our bedroom because I get really lusty when I drink. She does too, but doesn't last too long after she stops with the drinks.

When we got to the bedroom I turned the overhead light off and turned on the one in the bathroom, closing that door to just 3 inches wide. The light that came into the bedroom was ethereal and just low enough that it made everything look sexy. We quickly took off our clothes and she came over and kissed me. I fondled her boobs and she reached down to grab my cock. It was almost all the way up, but her touch took it to the max. Erin pulled it back and forth a couple times as I moaned loudly.

I picked her up and set her down on the bed and moved between her legs. I lined it up with her wet pussy and as I inserted myself she threw her head back in pleasure. She was a marvelous piece of ass but didn't last too long after drinking so I had to take advantage of her now.

She wrapped her legs around me and pulled me to her. I drove my cock into her harder, and the harder I fucked her the louder she moaned. And then she screamed and her pussy muscles clamped my cock and her nails dug into my back as she had her orgasm. I pulled out and rolled her over on her tummy. I placed one of the pillows under her hips, raising her butt to the perfect height. I fingered

her pussy and used her juices to moisten her anus. Slowly I rubbed around the soon-to-be violated hole and felt her hips respond.

I quickly dipped my cock back into her pussy then headed it straight for the butt hole. The soft light side-lit the action as I inserted, first the head, and then half of my cock in before pulling it back and then in again. My cock slid in easily and I left it there for a minute. Her hips responded saying fuck her harder. I obliged using my knees for leverage to pund deep inti her butt. I felt myself cumming and closed my eyes as my cock did its thing in her. I rolled over and we fell asleep until the next party.

– Solomon, deep in her ass

I've had a big butt as long as I can remember. In my earlier years I was quite self-conscious about it. Now it's my moneymaker. The other day I was out walking and passed a bunch of the neighborhood boys. I was wearing short shorts. I heard one say. "There's an ass I'd like to tap." I turned around and said "Yeah, only when you're a man."

NATURE LOVERS

My husband came home one day last month and said this year's company retreat could include our spouses. That meant five glorious days at Zion national Park

in Utah. The company had reserved a hotel and lodge in nearby Springdale and set up tours of the park for whoever wanted to go. The only stipulation was three days of meetings for the employees. That was actually one six hour day and two three hour nights. The rest of the time was ours to do with as we liked. If we wanted to stay around the lodge, the company was providing lunch and dinner every night.

We arrived at the lodge and signed in for our cabin. The clerk was about thirty and athletic looking. I noticed that he seemed to be especially interested in me as he took care of the administra-

tive work, and directed us to our cabin. His eyes kept looking at me and they seemed to move up and down my body. Later, I found myself thinking about him as I was still pretty young and flattered in the way he was looking at me. Was he just admiring me, as men often do, or was he thinking naughty things?

I've only been married two years and just out of college, so a thirty year old man is kinda old to me. Maybe he's older or maybe he's younger because he had an outdoors man's tan and wrinkles were creeping into

his chiseled face. I shut it out of my mind as we got things organized and hubby was preparing for the horse ride the next day. I decided to get some ice and remembered that the ice machine was near the registration desk so I took the bucket and set off to get some ice. As I entered, I said hello to that handsome clerk. He introduced himself as Hank and I told him I was Kylie.

I said I thought I saw the ice machine down here when we checked in. He pointed to a doorway and said it was in there. I had to walk across the room, in front of him and could feel his eyes all over me. When I passed by him by a couple steps, he said that the Sandbench was a great horse trail. I stopped and looked back and asked what he meant. He said that he assumed I and my husband would be taking out on the trail with some of the other guests. I told him that I wasn't much of a nature person and wouldn't be going this first day.

Hank said that if I just liked to walk, there were some very nice human trails also, I laughed as we made eye contact and then turned and continued to the ice machine. I love taking evening walks before I turn in for the night. I filled the small bucket with ice and headed back into the main hall. I said thank you to him as I walked by, and he looked up from registering the next guest and said "You're welcome" in a very professional manner. Even though he was busy, I think that I still felt his gaze on me.

It was a restful night from our long flight and bus trip to the lodge. The next morning after my Glen, my hubby, left for the horse

ride, I made myself a coffee and walked out onto the balcony and sat there admiring the amazing scenery and clean cool air. I was thinking of taking a walk up the trail when I heard a vaguely familiar voice say good morning. I looked down between the slats and it was Hank. He stopped below the balcony and asked if I slept well. I told him I did, that Glen and I were so tired that we fell asleep as soon as our heads hit the pillow.

He said he was on his way to check out a cabin whose door wouldn't lock. Then added if I would like to see some great scenery, there was an overlook just a hundred feet past that cabin. I took a sip of coffee and with out hesitation told him that I would. I changed into my walking shorts and shoes and a comfy white cotton blouse. We chatted as we walked and soon arrived at the cabin and he tells me it will be just a few minutes. He checked out the lock, found a similar one in his small pack. Within a few minutes, he had replaced the old one and was checking that the new one fit and worked properly. "There, done." he said.

He left his pack outside the cabin and said he'd pick it up on the way back. The he pointed a little to the right of us and said the overlook was just over there. We walked over and the trees ended at a cliff overlooking a large valley with small hoodoos in it. There was a fence some three feet from the edge and I walked over and looked down. He stood next to me and pointed down saying that was the Virgin River down there and pointed further over to the right saying that was the horse trail they were on, but we couldn't see it from here. Then he turned to me and said that I was more beautiful than this view.

While I was shocked to hear that, but I was not surprised, remembering how he looked at me yesterday. I started feeling a

little confused but quite flattered. I kept my eyes focused on the valley and mumbled that he was handsome also. We both kept looking out and then he puts an arm around me and squeezes me closer to him. He puts a finger under my chin and lifts my gaze from the view to him. He looks at me for a moment and I close my eyes.

He took that as a clue, which it was, and leans in to kiss me. I feel his lips on mine and then quickly off. I gave a soft moan and he leaned in again. This time I moved to meet his lips again and we kissed again this time a little more passionately and I felt my knees starting to buckle. My pussy twinged my nipples started pushing against my bra. I told myself that we should stop before it went too far. I knew where this would lead if I did not stop things now.

My mind was thinking of all the things that could and would go wrong if we continued. I told myself that I should not be considering cheating. "Hank, I think we should stop it here. Please walk me back to my cabin." I said. We walked back along the trail and stopped at the cabin so he could get his pack. We continued on to mine and he continued on back to the lodge. I made myself another cup of coffee thinking it would awaken me from a dream and went back out to the balcony. I decided I needed to get my mind off the past hour and went back inside.

So I decided a bath was in order. I filled the tub and got in. I put a washcloth over my eyes and tried to chill out. But I didn't. My hand slipped between my legs and found my clit. I just lightly rubbed all around my pussy lips, when suddenly a finger slipped in between the lips. When I realized that I told myself to stop thinking of those things! I am a married woman now! I should not be doing it. But these thoughts were stimulating me and... Stop it I told myself over and over.

I got out of the tub after an hour and toweled off. I sat back on the bed, nude, and

began to finger myself again. This is not right, I would tell myself as a finger, then two pierced my love hole. I told myself to get up and out of the cabin to clear my mind. I dressed and headed over towards the horse paddock to wait for my husband and the others to get back. About a half hour later they did and I greeted Glen with a big hug and kiss.

RAILING AS

VALLEY IN

That night, after dinner, we went back to the room and Hank said he was tired from the sun and the ride this afternoon. I told him I understood, but I'm sure he wouldn't mind if I went down on him to help him sleep. He smiled at me and closed his eyes as I slipped down his body to his limp cock and tried to bring it to life. I put it all in my mouth and sucked and tongued it to little avail. I felt a little rise, but Glen's snores told me this was going to be futile. At least he was able to fall asleep. I rolled onto my back and played with myself until I fell asleep.

There was the company meeting in the morning and Glen was off at nine. I stayed in bed a little longer. I got up about ten and made me some coffee and again went out to the balcony. The place is so darn beautiful that you just cannot stay in the cabin. I went out and sat down, cup in hand, admiring the landscape. Then I hear him... "Kylie, are you there?" I get up and walked over to the rail.

He asked how I was this morning and I told him I was trying get my head straight. He invited me to walk back to the overlook and talk about it there. I know I should have said no, but I needed to get this out of my system. We walked over, not saying a word. When we got there I stood by the railing looking down and he takes me and turns me to him and kisses me, pulling me close so I can feel his manhood pressing against me. He slid his hands inside my

shorts and feels my naked bottom pulling me closer as we moved our pelvises slowly against each other knowing that we both wanted each other.

We were now rubbing our hands all over each other and kissing like two horny teens. I felt like a virgin about to get her first cock. Hank removes my blouse to find me braless with my young breasts with their hard nipples awaiting his hands or mouth. It was his hands. Hank now removes my shorts and I put a leg up on the bottom fence rail. He licks his way to my clit and he nibbled and sucked it as I moaned and push it to meet his mouth and tongue. He stood as I pull his pants down to reveal the most urgent cock standing there at attention, begging for my mouth.

I knelt down and placed both hands around it and looked at the large flared head. I played with his balls as my mouth engulfed it. I did my best to make him cum quickly but he stopped me and pulled me up. He turned me with my butt to him and I rested my arms on the railing as I looked back out over the wide open valley in front of me. Hank enters me from behind and reached forward to rub my breasts. I felt his hard pole part my pussy lips as he gently pushed in deeper and deeper. I was pushing hard against Hank wanting every inch of it, as he slowly pulled back and pushed in and out and in and out. I was now moaning and begging Hank to give me all he had.

Hank was now grunting with every stroke and pulled me hard and tight as his full balls slapped my bottom. I felt his rod start pulsating, making me start my orgasm. I started shaking all over, then got stiff and then just went limp as he made his final stroke, pumping one last time before pulling out and exploding on my butt cheeks. Hank had a bandana to wipe me off and we quickly dressed. We headed back to my cabin where I told him I had to go take a bath. He smiled at me and walked away. I don't know if he thought we would do it again. I didn't know either!

When I was asked if I would do anal today, I was both excited and apprehensive. While I'm not prudish, my little butt hole has only had a finger in it, and not very deep or for very long.
